

GOCUBES™

fresh on the go

**PLACON®**

Stock food  
packaging that's  
hip to be square.

## A Stylish, Sustainable Option to standard square food packaging

They're stylish, versatile and—best of all—sustainable, made with up to 100% post-consumer PET material. Placon's Fresh 'n Clear™ GoCubes take the classic square container and give it a look that will draw customer attention. Use GoCubes bases alone or add the universal three-compartment insert tray for maximum appetite appeal and extended shelf life.

## Made from EcoStar® PET from bottles and thermoforms

Freshness can't be missed when you package your food in our incredibly clear, post-consumer recycled containers made with EcoStar PET material. We reclaim, recycle and reuse PET, diverting plastic bottles and thermoform containers from landfills to make our sustainable food packaging. GoCubes offer sustainability without sacrificing clarity. Because seeing your food is just as important as seeing your packaging is sustainable.

## ■ ■ Ideal for Everything from fruits to nuts

GoCubes are available in five ultra sleek, clear-base sizes from 12 to 36 ounces. Easy to film seal, the containers also offer a convenient, one-size-fits-all recycled PET lid option with a secure seal, easy opening tabs, and crystal clear anti-fog technology. Add a clear or black 3-compartment universal insert tray for more versatility and merchandising options than you've ever had from a stock thermoformed food container.

## Add an Insert to add appeal

Keeping contents separated lets you highlight specific ingredients while keeping food looking better and tasting fresher longer. Use GoCubes for pre-packed salads creating healthy portion-controlled options while allowing customers the ability to mix contents to their liking. Versatile and easy to use for both your customers and you, they're a win-win solution sure to increase impulse purchases and repeat sales.
